

Dear student,

Are you participating in the scholarship program offered for Gladstone Christian Church members attending a Christian church sponsored college or university?

If you are - great! But don't forget to reapply by May 31 for the following school year.

If you're not participating in the scholarship program, then you need to fill out an application.

Basic requirements are simple:

- Y Be an active member of Gladstone Christian Church
- Y Be a full time student
- Y Be maintaining passing grades
- Y Be attending a Christian church sponsored college or university. This includes Boise Bible College, Hope International University, Northwest Christian College, William Jessup University, Lincoln Christian College, and Emmanuel School of Religion.

Scholarship applications need to be submitted each year. Scholarship applications need to be submitted by May 31, 2009. Scholarship money will be distributed as a one time award each year in August. The money is sent direct to the school. Scholarships awarded vary in dollar amounts each year, depending on factors such as the amount of money given for camp scholarships over the summer, number of students attending Christian colleges and universities, general fund giving, etc.

Students working towards an Associate Degree may only receive scholarship awards 2 years. Students working towards a Bachelor's Degree may only receive scholarship awards 4 years.

We realize that there are many other fine Christian Colleges supported by other denominations, but we only support those sponsored by the Christian Church. As such, **we do not support** (award scholarships for) Multnomah, Corbin, George Fox, etc.

Remember - you need to apply each year.

May God bless your study efforts and your future ministry services whether they be full time or part time.

William Smith
Scholarship Team Leader
